| 16.wire MIC priority light | 32.power |

FEATURE

- Dual wireless module can be replaceable.
- LED large display, full electronic volume, menu control, mute and multi-function infrared remote control.
- Can use both wired and wireless microphone, USB/SD and other audio sources mixed amplification function.
- A fully formed telescopic drag handle and pulley designed to pull it where to use and where to have a tripod base can be fixed on a tripod.
- External 15.5V 3A switching power supply, which can also provide fast charging of power and battery Built-in Power .
- Protection Line.
- Using AA batteries allows for easy replacement.

SPECIFICATION

Power	RMS 150W (Peak Power 300w)
Frequency	UHF 32CH (PPL Synthesized)
Frequency Response	65Hz-18KHz
Input	Wired Mic*2, Audio Input*1
Output	Audio*1, Speaker*1
Speaker	10" Woofer(10") 4 Ohm*1, 1.5" Tweeter horn*1
Power Supply	DC15.5V/3A input, with 12V 14Ah rechargeable battery
Charging time	7-8hrs (4-8 hrs consecutive use)
Player	USB/SD/FM
Audio Input	RCA Input
Audio Output	RCA Output
Wireless Mic	Handheld, Lavalier(Optional), Headset(Optional)
Battery Power Indicator	LED Indicator
Dimensions	370*300*560(mm)
Weight	13Kg

ACCESSORIES

- 15.5V 3Ah switching power supply*1
- Wireless MIC UHF*2
- 1.5V battery*4
- User manual*1
- Warranty card*1
- Remote*1
